PROFILE

UI/UX designer with hands-on experience across the design process from discovery to delivery, currently pursuing an MSc in Applied Artificial Intelligence and User Experience. Skilled in creating wireframes, prototypes and high-fidelity mock-ups in Figma, translating business requirements into user-centred design solutions, and collaborating closely with product managers, developers and other stakeholders to align on vision and execution. Grounded in user research and usability testing, with a strong focus on accessibility and design best practices.

KEY SKILLS

- **UI/UX Design & Prototyping** Expertise in Figma; creating wireframes, user flows, interactive prototypes and high-fidelity mock-ups
- **User-Centred Design Solutions** Translating business requirements into intuitive, user-centric design solutions across web and mobile
- **UX Research & Usability Testing** Conducting usability testing and gathering user feedback to inform and validate design decisions
- **Design Best Practices & Accessibility** Advocating for accessibility standards and user-centred design principles throughout the design process
- **Stakeholder Collaboration** Working closely with product managers, developers and cross-functional teams to align on vision and execution
- **Data Analysis & Visualisation** Proficient in Python and Excel for interpreting and visualising data to support design decisions

WORK EXPERIENCE

UI/UX Designer (Full-Time) | Qompass Now — Logistics, Corporate Sector, Kerala *Apr 2024 – Jun 2025*

- Owned the design process from discovery to delivery, creating wireframes, prototypes and interactive designs using Figma
- Translated complex logistics workflows and business requirements into user-centred design solutions
- Collaborated closely with cross-functional stakeholders to align design decisions with operational needs and execution
- Conducted usability testing to validate design decisions and improve customer experience

Warehouse Operative (Part-Time) | Evri Warehouse, United Kingdom *Oct 2025 – Present*

- Maintained close attention to detail and time management while sorting, scanning and organising parcels in a fast-paced operational environment
- Developed first-hand understanding of end-to-end warehouse processes and supply chain workflows

Business Development Executive (Part-Time) | Gym, Kerala, India

- Built and maintained strong customer relationships through direct engagement and understanding of customer needs
